SENIOR CLASS PRESIDENT

Dear Students of Alta Loma High School:

This year has been a year that I am sure none of us will ever forget. We will always cherish memories such as, making new friends, being scolded at by our teachers, and just plain old making a fool out of ourselves in front of a crowd of people. All of these experiences have helped us to grow in many different ways.

The Senior class of "1984" will always be remembered for our spirit, our unity, our best, and last but not least for electrifying A.L.H.S. with pride. We must always think positive and be ready to step out of our shells and become a real part of society, It is up to us to keep society going and to make it a better place to live in.

Every student in the senior class has matured and has shown great responsibility, to Alta Loma High. With these qualities we can set our goals and strive to reach them. When we grow old we will not look at A.L.H.S. as a joke, but instead, as our first stepping stone leading us to the top. We'll remember all of the friendships we've made, all of the knowledge that we've gained, and all of the fun times that we shared together as the class of "84."

We must now think of life as a never ending journey. "Thank you Alta Loma High School for starting us on this journey," I am very proud to have been the Senior Class President of the class of "84." I will always cherish our memories together.

Sincerely

Your Senior Class President,

Sandy Mupiolo

Fantasy Role Playing

The fantasy role playing club was originally the D&D club. It has branched out into all kinds of fantasy games. Room 55 becomes the ho for super heroes, the haunt of dragons and elves, and a combat zone.

Hiking Club

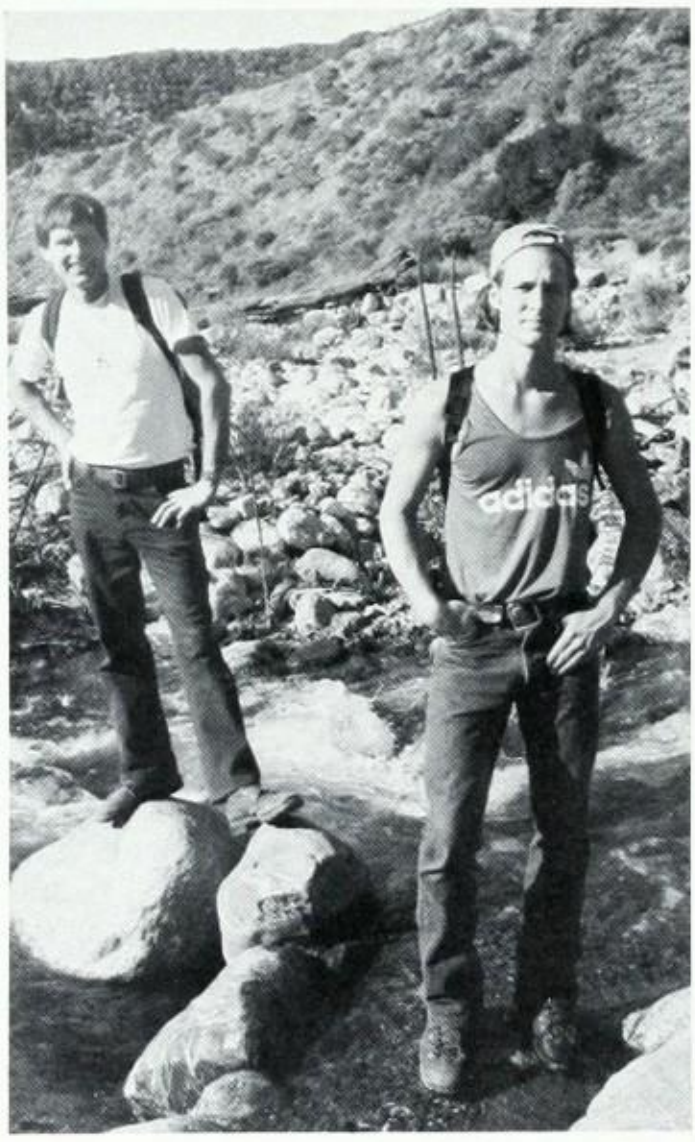
L to R: Brian Lewis, Dan Hobart, and Martin Peterson

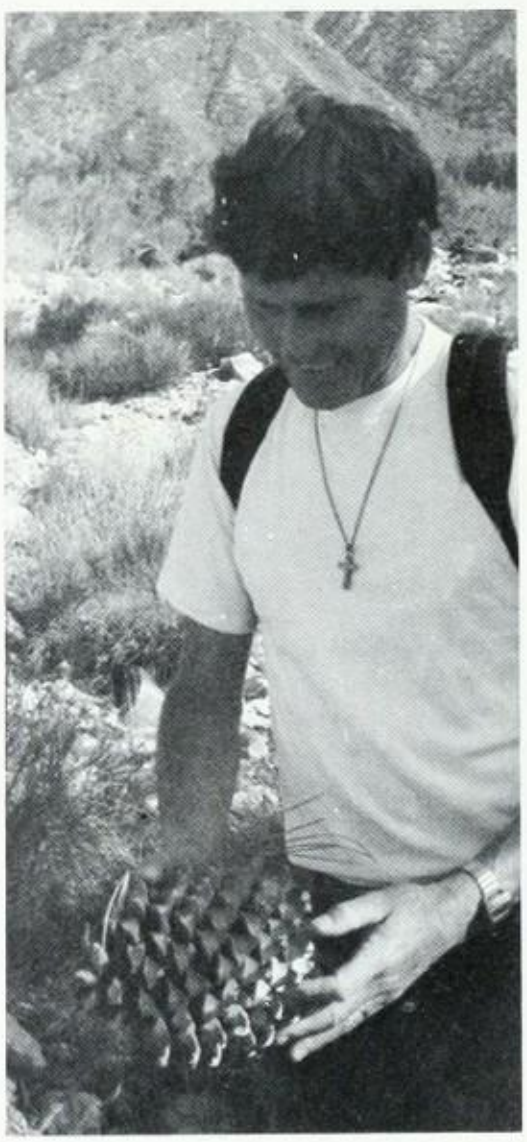
In May of 1965 a group of students from Alta Loma High School hiked to the top of Ontario Peak. The students had just organized a club with Mr. Balding as the sponsor and with their new charter hikes and thousands of miles.

The Hiking club has an outing each school month some are overniters and the others are day hikes. Annual events include snow survival trip to San Gorgonio and a weekend camping trip to an island in the Pacific, Catalina.

The club is attended by those who enjoy the outdoors and like to share the wilderness with friends. The hikes are often demanding and for that reason a person must run a mile in less than 8½ minutes to become a member of the club.

As the sponsor, Mr. Balding likes to hike and climb. He has made several ascents of Mt. Whitney, Shasta, Rainier, Olympus and other mountains. He especially likes to hike with the fine students from Alta Loma High School and has made many friends during the past 19 years as the hiking club advisor.





Thespian Troupe

The term "Thespian" was derived from the 6th century poet/actor Thespis, known as the originator of Greek tragedy.

Thus, the Thespian troupe consists of those students interested in the culmination of facets making up the ageless art of theatre.

This year's fall production was Ketti Fringes' adaptation from Thomas Wolfe's "Look Homeward Angel," a dramatic comedy of the lives of an early 20th century southern family.

The spring production consisted of numerous one-act plays.

Outside of productions, the troupe held a talent show, saw television show taping, and viewed several college and Los Angeles productions.

The purpose of Thespian troupe is not only join together those interested in theatre, but to allow students to grow through constructive self-expression, have fun, and serve the community.

I Love you alot Love Jer ANN Finkelman

Each graduating class leaves its own unduplicated print on the history of Alta Loma High School. This year's print is a mosaic of the events and people which have been a part of the years 1980-1984 at Alta Loma.

Each person of the Class of 1984 has had some impact on its composite personality. Your Class will be remembered for what you and your classmates have made it. Alta Loma High School continues to evolve as a product of those who have graduated here and those who are its Students.

You will never again be as you are now. Members of your class will begin to spread across the face of the globe very quickly after June 13, 1984. The influence of Alta Loma High School and the Class of 1984 will soon be fed into the world wide life stream.

As we stand facing this important time in History I have two great hopes that the influence which Alta Loma High School exerts through you is one which contributes to the welfare of all men and women of the family of man, and that understanding and peace mark your way.

President's Message

Looking back on this 1983-84 school year, I can say it has been a great one. I feel that the activities carried out this year were an overall success. I had the pleasure of working with a well-organized group of officers. I wish to thank all of the people in the student body who were involved, for they now will have good times to remember. A great deal has been accomplished this year. The most significant improvemtns have been around the campus itself, such as the new paint on the lockers and the floor covering for the gym. Alta Loma High School is truly a great school. I just hope that my feelings can be shared by the rest of the student body by the time of graduation. It has been an honor to have been your president. I would like to conclude this note with one final thought: If you ever want something bad enough, you can have it, but you've got to go for it.

In Memory

How sweet the spring in fall
When memory wraps the tall
dying trees
in green
splendor.

Amid the drifts of snow
We cherish so much more
the summer sun's
golden warm
glance

So when that vicious sleep
Upon a loved one creeps
We tend to see that being
As we view the spring
when brittle
boughs give
up their
leaves.

Why do we sit in shade
When summer's love is freely given?

"The world is nowhere, no one, Gene.
You are your world."

The 1984 play production was Look Homeward, Angel.

The scene starts out at a Dixieland Boarding house in the fall of 1916.

The characters of the play were brought out individually by each actor.

Eugene was such a character who was immature and was slowly growing up with the help of his brother Ben and his first love, Laura James.

She helped him have the courage to leave his mother and be independent.

His mother was a domineering character who thought she knew what was good for everyone around.

His father didn't help him much. Aside from coming home drunk half the time, he was also cruel and rude.

It was well done and the cast was great.

Once Upon A

"Once Upon a Mattress" is a take-off from the comedy-drama, "The Princess and the Pea."

There was a small kingdom ruled over by a talkative queen and a mute king. Prince Dauntless was their son hoping to wed someone soon.

12 Princesses were put to several different tests to wed the prince but for some reason or another, were found to be unsuitable.

Then came along Princess Winnifred. She was tested by Queen Aggravain and the Wizard for "Sensitivity." She placed a small pea underneath 20 soft downy mattresses. To make sure she would sleep, she held a ball to tire her out and hypnotized her with a hypnotic mirror, gagged her with a heavy incense, and gave her a soothing brew to make her sleep like a baby.

Alas, the Princess could not sleep and in the morning everyone knew that they could not get married.

And everyone lived Happily Ever After.

The Alta Loma Chamber Singers with their harmonized voices and choreograph have entertained the people in the Alta Loma Community functions. They have also toured Champan College and Disneyland. Their sponsored bike-a-thon was a fund raiser to tour San Francisco this year. Their outfits influence them to be excited and enthustiastic when they're singing. They worked very hard this year to make Chamber Singers the best ever. We are very proud of them.

Pep Commissioner/Mascots

Pep Commissioner — Jade Chavis

Being the 1983-84 Pep Commissioner has been a great honor. Our spirit at rallies and games has been fantastic. Parent and student support at sporting events is very important to the success of teams. I am proud to say that this is something we have had plenty of. I know that our school spirit will get increasingly better now that the first class of freshmen will be upper classmen, yet I feel this year will be remembered as one of the best. I will be proud and honored to say that I was a Senior at Alta Loma High School in 1984.

In loving loyalty

It is very rewarding to work in a setting where I get the opportunity to watch young people grow up. I am very proud of the young people I get to work with in Yearbook, ASB, and Wrestling. My involvement with them always gives my pride in A.L.H.S. a little added boost. Alta Loma High School, give yourself a round of applause. You deserve it!!

1983-84 has been a year of new challenges, of which yearbook presented a new twist at every turn. My warmest of hugs to the staff, from whom I learned patience and dedication. If loss of hair means wisdom — I am now a wise man.

See ya in 84-85
